FACT SHEET Watchlists & Blacklists

Description

In addition to the Financial Sanctions database and the PEP Desk™ (Politically Exposed Persons) database, the info4c Watchlists & Blacklists database provides a wide variety of lists covering additional compliance, risk management and reputational needs.

Watchlists & Blacklists provides "Warning Notices" from financial authorities and supervisors (Bafin, FMA, CBFA, FINMA, CNMV, MAS, FCA etc.), "Wanted" lists from police departments, governments, national and international investigation authorities (Interpol, FBI, DEA, DIA etc.), lists from international tribunals, enforcement actions, disqualified directors and debarred companies from governmental and international agencies.

Information is extracted from ca. 1000 lists originating from all over the world and translated from multiple languages covering:

- White collar crimes
- Crimes against humanity
- Terrorist threats
- Non-financial sanctions
- Unauthorized business activities
- Warning lists by financial authorities
- Disqualified directors and debarred companies
- International warrants, national wanted persons, regional warnings, detention records and civil records
- Lists of international tribunals, anti money laundering and anti corruption entities
- Special lists (e.g. persons associated to the mafia, companies using slave labor etc.)

Customized lists on demand. Additional hundreds of thousands of names from various risk categories can be added to the basic Watchlists & Blacklists offering.
